

 <p>THE <i>Wilds</i></p>	<p><b>FLYING OF DRONES</b></p>	<p><b>2023-03</b></p>
---	--------------------------------	-----------------------

The use and flying of drones are governed accordingly.

1. RECREATIONAL

- a) No person is permitted to fly any drone within the boundaries of the estate.
- b) No person is permitted to fly a drone over the estate.

The prohibiting of drone flying for recreational purposes is to ensure that the privacy of properties and persons is protected and to avoid injury and or damage.

2. COMMERCIAL AND BUSINESS

- a) May only take place with prior written approval from the estate management
  - b) Consideration of various factors will be given. [SACCA]
    - i. Proof of a valid commercial drone pilot's license
    - ii. May not fly near manned aircraft and within a 10km radius of any airport, helipad, or airfield
    - iii. The drone may not weigh more than 7 kg
    - iv. May fly in controlled airspace only
  - c) If it will be flying over a private or residential property written permission must be obtained from the property owner[s] and must be submitted with the application.
3. May not be operated or fly near a group of people.
